

Providence & Worcester Railfan Club Inc.
And museum

To whom it may concern:

Soon you will have a proposed document to abandon the Webster to Southbridge branch of the Providence & Worcester Railroad under 49CRF 1152 SUB-Part Exempt abandonment.

The proceedings docket #AB-254 (SUB-NO7X) we would like to see the Federal or, State take over and save this Historical Line.

We as the Providence & Worcester Railfan Club Inc. a tax exempt corporation based for 26years. We have established a Rail Museum, and would like, with the aid of the Army Engineers and volunteers'. With the help of some Grants to slowly revamp as a tourist line. A plan with Sturbridge Village and other groups could attract tax dollars to the towns involved. We are in an area where there are really no attractions except the lake. I hope you will take this into consideration.

Sincerely,
William H. Radcliffe Jr.
